A Mothering Sunday thought . .

Mothering Sunday is a day of mixed emotions. For many it's a happy, joyous day, but for others it's one of pain and grief. A day to celebrate love, while acknowledging those who cannot have children or who have lost them and those who have no relationship with their mother.

In the dying moments of His life, Jesus honoured Mary, His mother, by showing her love and care. He entrusted His mother to John's protection: *'When Jesus saw His mother there, and the disciple whom He loved standing nearby, He said to her, 'Woman, here is your son,' and to the disciple, 'Here is your mother.' From that time on, this disciple took her into his home.'* (John 19:26,27). While affirming the importance of mothers, Jesus reminds us that the love we show on Mothering Sunday is just a token of our continuous appreciation of them.

Jesus also creates a new way of being family, marking the beginnings of the church. In the past, people would go back to their *'mother'* church on this Sunday, to acknowledge its importance in their lives. Jesus invites us into this new family of love and mutual belonging, where we can find a place, irrespective of our own family circumstances.

Church is not always an easy place to be, because we are shaped by our own experience of mothering. We may find it hard to give or receive love without ourselves getting in the way. However, God's help is available to change things, *'because God's love has been poured out into our hearts through the Holy Spirit, who has been given to us.'* (Romans 5:5)

The mother of three difficult youngsters was asked whether she'd have children if she had it to do over again. *'Yes,'* she replied. *'But not the same ones.'*

PARISH NEWS

Havant Passion Play

In August, Havant Passion Play will be telling some of the Gospel stories in the wonderful setting of Staunton Country Park. Are there any budding actors in our congregation?

No previous experience necessary, both speaking parts and members of the crowd are needed. People to help behind the scenes in many ways may also be needed.

More information from the Parish Office.

Beacon Food Bank contributions can be made at Asda, Tesco, and Waitrose, or in the black box at the Rectory in Bidbury Lane.

The food bank is most in need of:

Tinned meals Tinned puddings
Tinned fruit and veg
Pot noodles/Packet noodles Rice
Jams, spreads Coffee and sugar
Toiletries

Thank you for your support.

Reveal is a great new place to ask questions and it starts in February in Bedhampton, Havant. Reveal is ideal for anyone who is not sure whether they would like to do an Alpha course, or still has questions after doing an Alpha course. It is great for those who simply have questions they wish to ask and discuss in an open and friendly forum.

We don't have all the answers. What we have is a fun and friendly place in which to ask the questions and explore the answers together.

Whatever your experience has been of life, of God, of church, we would love to welcome you to come and share the journey.

We believe that God has made us to be so much more than the labels we give ourselves. Reveal's purpose is to help one another in exploring how God can be part of our everyday life, and how our lives can be richer when we seek and trust his influence. We meet fortnightly for soup, coffee, pastries, chat, music and time for reflection.

We meet at St Thomas' on Bidbury Lane with access through the back door to the Parish Room. More at www.Bedhampton.church/reveal or contact the Parish Office for more information.

Thursdays, March 2nd & 16th at 7pm.

Having spent a few weeks exploring the Gospel of St Matthew, we are now looking at the Gospel of St Luke and The Acts of the Apostles. Historically it is believed that St Luke wrote not only the Gospel that bears his name but also the book that outlines the birth of God's church. This Lent, find a small spot in the day just for you and God, to relax and reflect together.

19th March: Mothering Sunday, 4th Sunday in Lent

There is an old Jewish saying: *God could not be everywhere, and therefore He made mothers.*

Mother Church, Mother Earth, Mother of the Gods - our human mothers - all of them have been part of the celebration of 'Mothering Sunday' - as the fourth Sunday in Lent is affectionately known. It has been celebrated in the UK since at least the 16th century.

In Roman times, great festivals were held every Spring to honour Cybele, Mother of all the Gods. Other pagan festivals in honour of Mother Earth were also celebrated. With the arrival of Christianity, the festival became one honouring Mother Church.

During the Middle Ages, young people apprenticed to craftsmen or working as 'live-in' servants were allowed only one holiday a year on which to visit their families, which is how 'Mothering Sunday' got its name. This special day became a day of family rejoicing, and the Lenten fast was broken.

In recent years the holiday has changed, and in many ways now resembles the American Mother's Day, with families going out to Sunday lunch and generally making a fuss of their mother on the day.

New Zealand also celebrates "Mothers' Day" in the American way rather than 'Mothering Sunday' with its Church connections. - Ed.

Traidcraft PLC – a Christian group that has spent years campaigning for fair trade – has gone into administration and is no longer trading.

The stands were familiar to many churchgoers, with almost 3,000 churches in the country selling Traidcraft products at some point in their 40-year history.

The brand cited the coronavirus pandemic, the war in Ukraine and soaring energy prices as the reasons behind the severe financial difficulties.

A new group known as Transform Trade is being formed to address the situation. A global community of farmers, workers, collectives, campaigners, donors and supporters, hope to work together for trade that values people over profit. It is about every person experiencing injustice in trade, and about every business that breaks with convention. It is about everyone who sees the truth of the way trade currently works and seeks out a better way of living, giving and spending their money.

Watch for more information in the coming months.

We think of Mothers but of course, some ladies are also Grandmothers and even Great Grandmothers. We wondered what it was like to be a Great Grandmother and found one lady in our midst who is just that.

THE BLESSINGS OF FAMILY LIFE

By Marion Machell

I have been asked to write a few words on my life as a great grand-mother and thoughts on Mothering Sunday. First and foremost I suppose is the fact that I am a mother. I share the house with my elder daughter and her partner. Therefore here we are with me as Mum, Big Nanny or Nan, and then my daughter as Mum, and Nana. Complicated, isn't it?

However, for myself at my age all this is wonderful. I am so lucky to have this wonderfully spread family. I have four great grand-daughters, two of whom I see at least four times a week as Karen does after school care, and two further away who we also manage to see quite frequently.

Two great granddaughters are following in my footsteps as they are a Rainbow and a Brownie at Bedhampton. They attend some Sunday services and Messy Church. All the family, apart from myself, and including the parents of my great granddaughters, work fulltime. So what am I thinking on Mothering Sunday?

How blessed I am to have a wonderful family. I am sure there are many Mothers who are thinking the same. Also I think of Mothers who are no longer with us and people who are living lonely lives with no family connection. What a blessing it is to have our church family trying to keep in touch with those people who live alone and without family living nearby or even in this country. I am really blessed to have wonderful family outings, holidays, meals and entertainment organised by the family, although they lead such busy lives. Last week the whole family (apart from the grandson away on holiday) gathered to celebrate my sister Pam's 80th birthday. A wonderful occasion.

By now you might think this all sounds very smug BUT one of the reasons I am included in the family is that they are able to tut disapproval at my bad behaviour, not being Politically Correct, Old Fashioned, misquoting, and outrageously outspoken. I am a constant source of amusement and am an expert at winding people up. However, they know how well loved they are and I know it is reciprocated. So you see how BLESSED I am.

PS My sister would like to know why she has to be a GREAT GREAT AUNTY whilst I am only a GREAT Grandmother!

Who are WaterAid?

WaterAid is an international, not-for-profit organisation, which is determined to make clean water, decent toilets and good hygiene normal for everyone, everywhere, within a generation.

Since we started in 1981, we have remained focused on these three essentials; without them, people can't live dignified, healthy lives. But with all three they can unlock their potential, break free from poverty, and change their lives for good. Children will grow up healthy and strong, women and men get to earn a living, and whole communities start to thrive.

How does WaterAid work?

With our local partners, we work with communities to build low-cost, sustainable solutions that meet their needs. We also work with local and national governments in the countries where we operate developing solutions to help them provide water, toilets and hygiene to everyone.

Why doesn't everyone have water and toilets yet?

Many people live in countries where the national economy is too poor to create water and toilet infrastructure at the scale they need. Construction can be difficult in many places because of extreme geography - like deserts, mountains and jungles - and not enough trained experts who know how to find the long-term solutions.

Why don't people dig their own wells and toilets?

Many people do. Hand dug wells are the most common way that people in developing countries get their water. Going to the toilet in a hole or outside in an area away from people, is also common. But both of these solutions are unsafe, directly leading to the spread of deadly diseases - wells that aren't dug correctly can be extremely dangerous to people's health. Constructing safe wells and toilets requires specialist knowledge. Our local partners work with people to build simple, effective, long-term solutions and teach them the skills to maintain those solutions too.

Why don't people move closer to a source of water?

Open sources of water are rarely safe. When open to nature they can be contaminated with household and industrial waste bringing parasites and waterborne diseases like cholera. They are also unreliable - drying up or running out often means needing to find a new source, which could be many miles away. A community cannot move every time this happens.

MISSION NEWS

Why is there still such a need despite years of aid?

Every day, developed countries use water and sanitation infrastructure that developing countries simply cannot build on their own.

People and governments around the world face extremes of geography, climate, poverty, natural disasters and conflict - that makes work of this scale incredibly difficult without external help. It is therefore crucial that aid continues to be invested in water and sanitation infrastructure for those in need, and in ways that will survive into the future.

If a collective effort is made, we believe everyone can have access to clean water and toilets within a generation.

UPDATE FROM UGANDA

Work continues for Sam and Chloe Mutton as they develop their cycling pursuits and community projects. Unfortunately, for the cycling development, it has included having dodgy contractors, being cheated out of money, having gravel and soil dumped on the wrong site and truck drivers refusing to drive onto site due to the tiny roads. If only ordering gravel was as easy as making an order on Amazon, they would be laughing! However, problems were overcome and work continues.

The girls are doing well, and Arabella is on the move, with Zara-Grace eager to help her!

Sam and Chloe held a community Christmas Party with twice as many people than expected attending. There was food, music and dancing, and a reminder that there were friends from the community who they have invested in and with whom they have built relationships during the last year.

At the start of 2023, they have been able to distribute bags, shoes, books, pencils, and water bottles for children on sponsorship. Dates are booked for training for sandals and tailoring and making other things. However, funding is short and they pray for more to enable the work to go on. Sam and Chloe send their thanks for our support and love.

Bedhampton Summer Show 2023

The Committee have begun planning this year's Show, which will be held on **Saturday 1st July**. We have been in touch with those that helped last year where they have contact details to get feedback. What a fantastic event!

If you came, we would also welcome your feedback and any thoughts for 2023. Can we repeat the success?

We also need more help both before and after the Show, as well as running stalls and sideshows. Can you help? Do you know family, friends and neighbours who might volunteer to help? on your stall, on their own stall, setting up and taking down?

Do you have an idea for an arena event? Do you have contact details?

Please send your feedback and thoughts to the Parish Office.

BEDHAMPTON VOLUNTEERS NEWS

Have you noticed much tidier areas around Bedhampton? Yes, it's down to the efforts of the Volunteers in recent weeks, clearing litter and removing brambles, even as far away as Harts Farm Way. They have sadly also found and removed various fly tipped objects including a pram, a three-legged horse, wheels and even a sofa!

Dead geraniums have been taken out from tiered planters by the shops. Meanwhile, as the daffodils break forth into bloom, the Co-op has now opened and more planting may be taking place in the surrounding beds as the Volunteers have done before. Plant and shrub donations are invited to fill these areas.

Work still continues in Lower Road where some areas of planting has been disturbed by broadband engineers.

YOUTH ACTIVITIES

Scouting News 1st Bedhampton Scouts

www.1stbedhampton.co.uk

The Beavers, Cubs and Scouts are all planning exciting activities for 2023. Camp dates are being finalised and meetings planned. The Beavers have enjoyed crafting clay tea light holders and toasting marshmallows. The Cubs have celebrated the Chinese New Year with food and chopsticks and making bird feeders for the Big Birdwatch. The Scouts have been exploring teamwork challenges and doing some very impressive pioneering to showcase their knots and lashing skills (*below*).

All sections are looking forward to the year ahead with lots of fun and laughter.

Judy Colwell

We could still do with some more help (as always) in all three sections (Beavers, Cubs and Scouts), so if you think this is something you may be interested in and have two hours to spare each week then please contact Nigel Vosper on 07979 736459.

It's a very rewarding experience. You will meet new people, make new friends and have new experiences. Why not come along to any of the three sections to see what happens.

Nigel Vosper: Scout Group Leader

St. Thomas' has an early 'Spring Clean'!

Eighteen girls from 4th Bedhampton Guide Unit were happy to help with the brass cleaning and took on the challenge one Thursday, in January.

We arrived with anticipation, all ready to go and soon paired up with 'one putting the polish on' and 'one taking it off.' It soon became a competition to see which part of the altar rail would be the shiniest!

Before we knew it, we had the Hoover out and the feather duster was cleaning the top of the pillars! Anything made of brass or wood had a clean!

The copious amounts of furniture polish ensured there was definitely a fresh clean smell around the church.... possibly for weeks to come!

We look forward to the next opportunity to 'serve our community.'

Hayley Gillians

We certainly did notice the efforts of the Girl Guides. Many thanks girls, it is very much appreciated!

Wordsearch - March - St Patrick's Day - Mothering Sunday - Annunciation - Lent

Leeks for St David's Day, daffodils for the rest of the month: March brings us Spring. St Patrick, who brought Christianity to Ireland, is remembered with parades. Mothering Sunday and Mothers' Day are celebrated with more daffodils and Sunday lunch 'out'. March brings us the Annunciation, when the angel first appeared to Mary to tell her of her coming pregnancy. March is the month of Lent, of prayer and preparation for Easter.

Knock knock

A conscientious minister decided to get acquainted with a new family in his church and so he visited them one Spring evening. After his knock on the door, a lilting voice from within called out, "Is that you, Angel?"

"No," replied the minister. "But I'm from the same department."

MOTHERS UNION AGM

The M.U. Annual General Meeting was held in January and included special thanks to our leader, Ann Partridge. Catherine Langhorn said a few words on our behalf:

To say 'thank you' for all you have done over the past 10 years seems such an insignificant thing to say but you have kept our MU Branch going through some pretty awful times, keeping us together and arranging some memorable moments and lots of laughs. This comes with our love and sincere good wishes to mark this special occasion.'

Note: The talk on Bee Keeping planned for January has had to be postponed and will be rearranged for later in the year.

As is our tradition during Lent, there will be a Quiet Day on Tuesday 28th March at St Nicholas from 2 - 4pm. It will be led by Rev. Judy Henning.

Advanced notice:
A Talk to be given by Hampshire and Isle of Wight Air Ambulance will be given on Tuesday 9th May at St Nicholas, 2 – 4pm.
